Please write your answers in paragraph form. I'm looking for thoughtful and complete answers to get to know you as a person.

1. What are you passionate about in life?

2. What degree, program or major are you working toward? Why?

3. How do you feel about math?

4. What are your goals for this class and why?

5. Experiencing challenges is a normal and common part of college. What supports do you already have and/or what supports would you like to build for college? (There are many campus resources listed in the syllabus) Who or what inspires you to keep working through challenges?

6. (optional) Is there anything else you would like me to know?
